**Simplification of Bugs**

All Service charges are reported as 0.00 when checking out

Package : hotel.checkout	
Classname: CheckoutCTL	Method: roomIdEntered
Description: this test is to verify the reported bugs	
Test Case: CheckoutCTLTest	
S/No.	Implementation
| 1 | ```java
/**
 * Test of roomIdEntered method, of class CheckoutCTL.
 */
@Test
public void testRoomIdEntered() throws Exception {

    System.out.println("Checking out after adding service");
    Hotel hotel = new Hotel();
    int roomId = 201;
    hotel.checkout(roomId);

    System.out.println("Service details for testing");
    ServiceType serviceType = ServiceType.ROOM_SERVICE;
    double cost = 50.0;

    RecordServiceCTL instance = new RecordServiceCTL(hotel);
    instance.roomNumberEntered(roomId);
    instance.serviceDetailsEntered(serviceType, cost);

    System.out.println("Total for room is ", +cost);

}

}
